1. Organization

- 1.1. One of the purposes of the VTMHA is to promote and encourage good citizenship and sportsmanship among its members. Similarly, the mission statement of PCAHA states that the Association exists to promote sportsmanship, fair competition, development and safety for hockey players of all skill levels. Such statements are typical of the goals, which underlie all organized sport, the more so when the participants in those sports are minors and other persons at risk. It is not the sport itself which provides the ultimate purpose for the activity; rather, it is the opportunity the sport creates to develop the participants as individuals, as teammates, and, ultimately, as citizens.
- 1.2. In the past few years it has become painfully apparent that the environment in which young persons participate in organized sports, such as minor hockey, is not always consistent with these commendable goals. It has become necessary for everyone involved in organized sport to re-examine that environment and to put in place more effective safeguards to protect the participants.
- 1.3. It is against this background that the VTMHA has moved to create policy statements and codes of conduct for the various participants - directors, coaches and other team officials, players, parents and others - so as to facilitate the creation of a climate in which minors may safely play hockey and to make it clear that conduct inconsistent with that climate will not be tolerated.

2. Code of Conduct – General

- 2.1. No person shall abuse or harass any participant in any activity directed by, or involving, the VTMHA. Abuse includes all forms of harmful, demeaning or degrading behaviour toward another person, whether physical, emotional or sexual in nature. Harassment includes all forms of discriminatory conduct towards another person. This policy applies to all participants in VTMHA activities and to all relationships in those activities such as, for example:
 - coach - player
 - parent - coach
 - player - player
 - team official/player/parent - referee
 - home team players/officials - visiting team players/officials.
- 2.2. No person shall use, or condone the use of, illegal or harmful substances in any activity directed by, or involving, the VTMHA. Such substances include proscribed drugs and performance-enhancing drugs. The consumption of alcohol, tobacco, nicotine, cannabis and vaping/vapour products (including chewing tobacco and electronic nicotine delivery systems/electronic smoking devices – known as e-cigarettes, e-cigars, e-hookahs and e-pipes) by minors – or by any VTMHA participant in connection with any on-ice activity – is also strictly prohibited.
- 2.3. All participants, but especially coaches and other team officials, in any activity directed by, or involving, the VTMHA, shall take reasonable steps to ensure that the physical and

emotional environment in which these activities take place is safe. These steps include the adoption of procedures to deal with safety both on the ice and during off-ice activities. Such procedures should include adequate preparation to deal with injuries or other emergencies.

- 2.4. It is the responsibility of all persons connected with the VTMHA, from the directors to the players, to implement the foregoing policies through their own conduct and by reporting any breach or suspected breach to an appropriate person or, if the appropriate person is not known, to the president or one of the vice-presidents of the VTMHA. For more information see Policy P-16: *Harassment and Abuse Policy*, and Policy P-17: *Discipline and Suspension Policy*.
- 2.5. The procedures whereby breaches of the foregoing policies are reviewed and, where warranted, discipline meted out, shall ensure that all affected or interested persons are heard or kept informed, shall be open where such openness is consistent with the rights of the individuals involved, and shall take place without unnecessary delay. Any procedure involving a minor child, whether as complainant or as a party to be disciplined should involve the parents or guardians of that child.
- 2.6. Notwithstanding the existence of a review and disciplinary procedure within the VTMHA, any conduct or failure to act which constitutes the commission, or suspected commission, of an act regulated by law, such as the duty to report cases of suspected child abuse or such as a possible criminal act, shall immediately be reported to the proper authorities as well as an appropriate person in the VTMHA.
- 2.7. Care must be taken to ensure that the existence of these policies does not create an atmosphere of hostility, fear or mistrust. These policies are intended to enhance the ability of the VTMHA to promote its objectives, not to resolve interpersonal disagreements, which arise in the normal course.

3. Individual Codes of Conduct

- 3.1. The following Codes of Conduct shall be adhered to:
 - Code of Conduct – Coaches (and Team Officials)
 - Code of Conduct – Players
 - Code of Conduct – Parents
- 3.2. All coaches, players and parents must sign and submit to the VTMHA their respective statements accepting the applicable codes of conduct. The player and parent codes of conduct may, alternatively, be accepted electronically as part of an on-line registration process.

Code of Conduct – Coaches (and Team Officials)

Every coach and other team official has a responsibility to:

1. Create an environment that is safe and healthy, both physically and emotionally, to the end that the growth and development of all participants, particularly players, is enhanced.
2. Treat all persons fairly, with respect and without discrimination, making appropriate allowances for anyone who is at a disadvantage, and regardless of gender, place of origin, race, colour, sexual orientation, religion, political belief or economic status.
3. Create opportunities for players to take responsibility, develop leadership skills and acquire self-esteem.
4. Recognize individual objectives, needs and differences in designing and implementing programs or activities.
5. Develop and communicate rules which are reasonable and which are fairly and consistently applied.
6. Ensure that winning takes second place to fair play and good sportsmanship, both in one's own conduct and that of others, particularly players.
7. Not take advantage of another person's error or oversight and accede to any reasonable request that does not prejudice one's own team.
8. Consistently display high personal standards, modeling behaviour that is expected of others, and projecting a favourable image of the sport of hockey, and in particular:
 - Show respect for the rules of the game, and showing respect for and refraining from criticism of officials, other coaches and other teams' players;
 - With respect to one's own players, offer comment or criticism in a constructive manner;
 - Abstain from the use of tobacco products while in the presence of children;
 - Abstain from drinking alcoholic beverages or consuming cannabis while acting as coach;
 - Refrain from the use of profane, insulting, harassing or otherwise offensive language in the performance of duties.
9. Regularly engage in activities designed to acquire skills and knowledge appropriate to one's responsibilities and then implement that skill and knowledge.
10. Evaluate the effectiveness and appropriateness of programs and activities and be willing and able to make changes when that evaluation so indicates.
11. Seek out criticism and be able to accept and benefit from such criticism.
12. Subordinate one's own objectives and needs to those of the players.
13. Apart from disciplinary considerations, ensure that all "C" players receive equal ice time and that all "A" players receive a fair share of ice time.
14. Communicate effectively with others and, when dealing with a minor, his or her parents or guardians.
15. Initiate remedial or disciplinary action when appropriate, and participate co-operatively in disciplinary proceedings when underway.
